Proposed Project Details and Objectives:

WatSawangk Arrom School is a local school in Phuket under the Thailand Ministry of Education. This school is in the south of Phuket Island and has 700 students from 3 -14 years old and 30. This is a typical school located at a very nice Buddhist Temple, with the land for the school having been donated by the temple to build the school for the local residents. The School assistant director Mrs. Prapa Boonkong (081-891 6619) requests some work painting the cafeteria (inside and outside) and a small toilet building. A previous COMREL was just accomplished by the USS Momsen painting some playground equipment.
