Project Participating Volunteers: USS HIGGINS (DDG 76) Sailors, Rotary Club of Patong Beach, US Navy League.

Proposed Project Details and Objectives: WatSawang Arrom School is a local school in Phuket under the Thailand Ministry of Education. This school is in the south of Phuket Island and has 700 students from 3 -14 years old and 30 teachers. This is a typical school located at a Buddhist Temple, with the land for the school having been donated by the temple to build the school for the local residents. The School director request some work painting several classrooms. A previous COMREL by the USS Momsen repaired and painted playground equipment and another scheduled for USS Cape St. George will paint a cafeteria.

Following are photos of the work at hand.
